

eMail about Nui Social and Mintage Mining

Hello Crypto Friends,

This is a long email. A lot on the table. This is the beginning of new crypto. Those that join the Nui Team, will find answers to their financial issues. And for all who have decided to join Nui and partake in Mintage Mining will be the ones that can bring others to this awesome income generator and mentor and empower others and give thanks for this vehicle of prosperity that has emerged out of the digital crypto world. Once you have someone explain it to you it becomes as easy as eating blackberry pie.

Tom More, one my best friends and mentor, left two days ago for the Nui Corporate Office to introduce several motivated people to the executive staff at Nui and to discuss their plan and mission statement of showing 1,000,000 people how to earn \$500 per month and beyond to create 10,000 millionaires. Where do you see yourself? For those of you with a bias towards action the latter should be easy to accomplish provided you have the where with all to double clutch and it get it out of low gear.

I am here to help any of and all of you but one thing I will not do is put jumper cables through the phone to motivate you. If you need to be motivated, then search the Internet for Mr. Les Brown, the "Unstoppable Excellence" of making you a whole person. I am moving forward with the people who have taken the time to understand Nui and Mintage Mining and understand what this opportunity represents. I see this clear as day as being the biggest thing I, potentially we, have ever built. As the bible passage goes, the harvest is plentiful but the laborers few. These days I consider the 80/20 rule to be nonsense and I really consider reality to be 1/100. 1 person out of 100 will do what is necessary immediately to do what is necessary to begin to create momentum which is the only real superstar in business. If you consider yourself to be in that category I look forward to running with you. Keep in mind, if you need a retirement program

this is it. If you need an exit plan for what you are currently doing that does not bring the earning to you to support your family, then this is it. The Nui Social, Mintage Mining contracts, Mining Rigs, & Compchain combination of earning new income is paramount in this business.

You will never go broke if you turn a profit. Nui has been carefully designed to make it as easy as possible for everyone involved to get in profit in short order just introduce 3 people in your first calendar month who become active by enrolling in Nui-Social and purchasing a Mintage Mining contract. This is child's play it is so simple to do. Just ask people if they are OPEN to earning an additional stream of income while learning about cryptocurrency and blockchain. Do that consistently and you will prosper as it is consistent effort that will provide consistent results. If you want to build a team and become one of the 10,000 millionaires created with Nui it is going to take sustained effort and yes it is toughest in the beginning but this is not tough at all. It is a breeze to introduce people to Nui and Mintage yet most people will not do what is necessary in the first 90 days to lay the foundation of an organization. That's ok because you control your destiny and everything is on your time and terms. Whatever you desire I believe you can accomplish it here with Nui and Mintage. Do not let the past hold you back from making the most of your future. Life is but the blink of an eye. Look forward, move forward, and quit thinking and dwelling on the past. Hold good thoughts and expect good things from this moment forward. In the beginning you may earn \$100 a month. And, you will already be on the profit side of the "Life Equation." I do not know anybody that would call the company and say, hey "do not send me anymore money." This is the complete and major difference between Nui Social & Mintage Mining as compared to any other network marketing company where the networkers drop out and cancel their "AUTOSHIP." Nui & Mintage have no autoship. It is all pure profit. Get your Kala Wallet ASAP. Then order your Compchain Blockchain account.
